

We recycle all of the paper that we shred and issue you with an Environmental Certificate at the end of each year stating your organisations environmental contribution as a result of engaging Shred-on-Site.

All of the shredded paper is baled at our recycling facility in Camberley before being transported to paper mills where it is recycled into low grade paper products.

Our Receptacles

Consoles and lockable wheelie bins are available in a number of colours and finishes.

DIMENSIONS

Console 90cm H, 50cm D, 50cm W.

360 litre bin 110cm H, 80cm D, 60cm W.

Shred-on-Site

FASTER SAFER GREENER

MOBILE SHREDDING & RECYCLING

**High speed technology
lowering the costs of secure
document destruction**

Faster

- ▶ We are using state of the art mobile shredding technology capable of shredding up to 2,500kg of material an hour without compromising on shred size - over 3 times faster than most of our competitors
- ▶ This makes our service the most competitive on-site solution on the market

Safer

- ▶ All service personnel uniformed, wear ID and vetted to BS7858
- ▶ Members of BSIA and fully compliant with information destruction BSEN 15713 - 2009
- ▶ Our solution reduces manual handling to an absolute minimum

Greener

- ▶ All of your shredded paper is recycled
- ▶ Our faster shredding speed means that we use less fossil fuels to recycle more
- ▶ Consolidate your waste streams with a cost effective solution that stops any paper waste going to landfill

Whether you need a one off collection or a more regular service Shred-on-Site have a solution that is secure, convenient and extremely cost effective.

Our Solution

- 1** We will survey your premises to identify the most cost effective solution for gathering and storing material securely on site.
- 2** Agree on a visit schedule that fits with your needs and your budget. There is no need to call us in after that - we will attend site on the designated days.
- 3** Our service operatives vetted to BS7858, fully uniformed and wearing ID **collect your confidential material** and take it directly to our mobile shredding vehicle where it is weighed and destroyed immediately.

- 4** We take full responsibility for the integrity of this material as it moves through this process. Our operatives are rigorously trained to guarantee absolute security.
- 5** We issue you with a **Certificate of Destruction** and a **waste transfer note** immediately at the end of each visit stating the volumes of material that we have destroyed.
